

HOTMAX

HIGH ENERGY HEAT LOGS

WHY DO PEOPLE CHOOSE TO USE HOTMAX FUEL LOGS?

Because they are...

- **100% British**
- **Economical:** a little goes a long way; no need for additional kindling
- **Clean:** high heat burns off resins, minimising residues in chimney flues
- **Easy to use, easy to light:** guaranteed to produce immediate high heat

- **Low carbon:** made in the UK from our own recycled wood dust and delivered from the nearest of our three production plants
- **Low emissions and low ash:** HOTMAX burns brightly with very low emissions and leaves very little ash

Perfect for winter

ideal for wood burners, stoves and open fires...

Ideal for summer

...and just as convenient for chimineas, firepits and BBQs
